

ADJUSTING CANNING TIMES BASED ON ELEVATION

Most recipes are written to be processed up to 1,000 feet above sea level.

For boiling water canning:
You need to add 5 minutes for every 2,000 feet over 1,000 feet above sea level.

Altitude Feet	Increase Processing Time By:
1,001 – 3,000	5 minutes
3,001 – 6,000	10 minutes
6,001 – 8,000	15 minutes
8,001 – 10,000	20 minutes
